to advance the implementation of the Government Programme in line with the principles of **result-based management**.

The objective of the Government of the RS and the PPS: to advance the system of strategic planning in place, strengthen the 'top-down' planning, and establish and develop the system of evidence- and result-based management.

**THE ORGANISATIONAL MECHANISM**

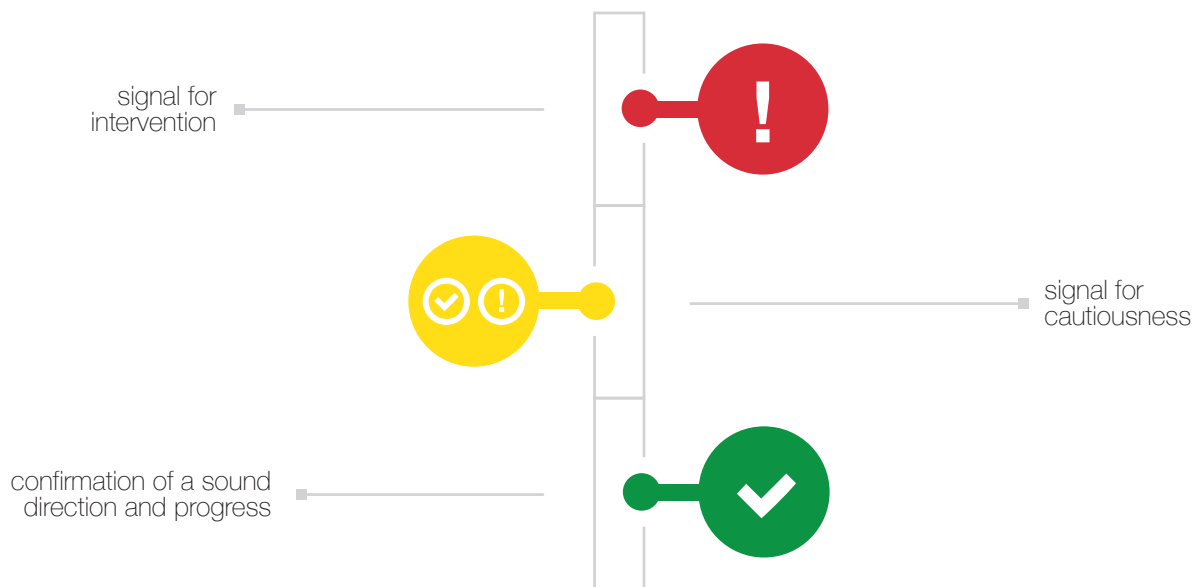

A single accountability point: for each priority objective one person responsible for the coordination of activities and reporting on the achievement of a specific priority objective is appointed. Other members of the Implementation Group participate and provide support.
